CHAIRMAN'S STATEMENT

“We are committed to grow from *strength to strength* and achieve *greater success*.”

2004 PERFORMANCE SUMMARY

On behalf of the Board of Directors, I am pleased to present to you the Annual Report and Audited Financial Statements of the Resorts World Group of Companies ("Group") for the financial year ended 31 December 2004.

The Malaysian economy achieved good growth momentum in 2004, registering a 7.1% GDP growth. The growth was largely driven by stronger external demand in the manufacturing and services sectors and higher private sector spending that improved the domestic demand. In tandem with the nation's stronger economic growth, the Group registered improved results with its revenue achieving a new record high of RM2.8 billion in 2004 (2003: RM2.7 billion). The Group's profit before tax grew by 10% to RM833.9 million in 2004 (2003: RM758.7 million).

FINANCIAL HIGHLIGHTS

Year ended 31 December	2004 RM million	2003 RM million	Change %

Profit after taxation	753.0	509.4	47.8%
Net profit for the year	753.4	509.8	47.8%
Shareholders' equity	4,753.0	4,145.4	14.7%
Total assets employed	6,574.0	6,390.7	2.9%
Basic earnings per share (sen)*	69.0	46.7	47.8%

Net dividend per share (sen)	14.4	13.0	10.8%
Dividend cover (times)*	4.8	3.6	33.3%
Net tangible assets per share (RM)	4.35	3.80	14.5%
Return (after tax and minority interests) on average shareholders' equity (%)	16.9	12.9	31.0%

* Computed based on profit after taxation and minority interests.

The higher revenue in 2004 was mainly attributable to the better underlying performance in the leisure and hospitality segment, mainly due to higher visitor arrivals. The Group's profit in 2004 also reflected the improvement in the share of profit contribution from its associate, Star Cruises Limited ("Star Cruises"). The Group's profit could have been higher in 2004, if not for the write-offs of some fixed assets and assets impairment losses.

DIVIDENDS

As a policy, it is the intention of the Group to maintain a reasonable balance between dividend payouts and the setting aside of funds for financial prudence as well as for future business expansions.

An interim dividend of 9.0 sen per share less 28% tax, amounting to RM70.8 million was paid on 25 October 2004. In line with the improved performance of the Group, the Board has recommended to increase the final gross dividend to 11.0 sen per share from 9.5 sen per share in the previous financial year, less income tax of 28%.

The proposed final dividend amounts to RM86.5 million and will require the approval of shareholders at the forthcoming Twenty-Fifth Annual General Meeting. Total gross dividend per share for the year will increase to 20.0 sen from 18.0 sen in the previous year.

BUSINESS DEVELOPMENTS

The Group's leisure and hospitality business continues to be spearheaded by the award-winning Genting Highlands Resort ("Resort"). Popularly known as Genting - City of Entertainment, it is one of Asia's leading integrated resort that attracted a new record high of 17.4 million visitors in 2004.

Genting-City of Entertainment continues to offer mesmerizing shows and musical productions, providing fun and entertainment for the entire family. Multi-million dollar shows held throughout 2004 included the highly acclaimed West End musicals *Annie* and *Peter Pan* and in-house production show extravaganzas such as *Fantastica! - The New Age Circus* and *H2O - a unique lights, music and magical wonder with fascinating water fountain effects*.

Genting Theme Park lives up to its reputation of providing endless and exciting "Fun at the Peak" with over 60 rides and attractions. The latest ride sensation, *Flying Coaster* is Asia's first hang-gliding roller coaster that gives thrill seekers an incredible zero gravity flying sensation.

Resources are constantly pumped in to continually develop the facilities at the Resort to effectively meet the changing demands of customers and to enhance our competitive position. I am pleased to note that our Resort has grown from a single hotel with 200 rooms to six hotels with 8,000 rooms and soon to reach 10,000 rooms once First World Hotel's Tower 2 is fully completed. The Group has invested about RM5 billion to develop the Resort to what it is now - one of Asia's leading integrated leisure entertainment resorts.

Among the major developments in 2004 was the successful completion of the first 1,000 rooms of First World Hotel's Tower 2. Another 2,000 rooms are targeted for completion by end 2005. Once fully completed, First World Hotel will offer a total of about 6,200 rooms, making it the largest hotel in the world.

At First World Plaza, the new *Star World* which was relocated and renovated with new gaming attractions, was officially launched on 26 November 2004. The *Safari Disco* at Genting Hotel, was reopened after three months of renovations and the *Cloud 9 Disco* was converted into *Cloud 9* fun pub in November 2004 to further attract the younger crowd.

New dining outlets were added to further enhance our wide range of food and dining experiences. Two new specialty dining restaurants at Genting Hotel were introduced, *Ming Ren - The Lamb Specialist Restaurant* and *The Olive*, which offers continental cuisine served in a classy ambience. *Hou Mei Noodle House* was introduced at First World Plaza.

For the fitness and spa enthusiast, the newly opened and elegantly-designed *M Spa* is equipped with the latest gym equipment and offers a variety of spa treatments, perfect for de-stressing and relaxation.

The Group's efforts to improve and upgrade the infrastructure at the Resort took a step further with the construction of the new 4.5 km bypass road between the hilltop and Chin Swee Caves Temple area. The construction of the bypass road is scheduled for completion by the third quarter of 2005 and will serve as an alternative route to the hilltop of the Resort. This route will ease traffic flow, which is expected to increase when Tower 2 of First World Hotel is completed.

WorldCard, the Group's customer loyalty programme continues to grow steadily by 37% to reach 1.3 million members in 2004. An agreement with Star Cruises in January 2004 enabled *WorldCard* to jointly develop and grow the *WorldCard* loyalty programme together. *WorldCard* members can enjoy cross-border values and recognition at over 330 merchants with close to 1,400 outlets in Malaysia, Singapore and Hong Kong.

The Awana chain of hotel resorts were progressively refurbished to improve on its resort-related facilities. Awana Kijal Golf, Beach & Spa Resort ("Awana Kijal") in Terengganu was named the No. 1 Resort on the East Coast 2004, by the Hospitality magazine. The opening of the East Coast Expressway in August 2004 has improved accessibility and helped to further promote Awana Kijal as the choice holiday destination on the east coast of Malaysia.

The Group's 36.1%-owned Star Cruises, which is the world's third largest cruise line and the leading cruise operator in Asia Pacific, continues to maintain flexible fleet strategies to handle unexpected challenges and to provide the best cruise itineraries. Star Cruises' subsidiary, NCL Corporation Ltd ("NCL") is scheduled to take delivery of two new vessels, the *Pride of America* and the *Norwegian Jewel* in June and August 2005 respectively.

The *Pride of Hawaii*, the third newbuild to the NCL America fleet will be delivered in April 2006. The company has contracted another two newbuilds due for delivery in 2007.

In fulfilling our role as a caring and responsible corporation, the Group continues to support various charitable bodies, non-governmental organisations, sports associations and other worthy causes in the country.

Following the 26 December 2004 tsunami tragedy that affected several countries' coastal homes and towns including Malaysia, the Group donated over RM3.5 million in connection with the tsunami disaster, including RM1 million each to support the Malaysian Tsunami Disaster Fund, the Indonesian Tsunami Disaster Fund and the Force of Nature Foundation.

CORPORATE DEVELOPMENTS

One of the Group's strategies to further expand and grow is by forming strategic alliances. During the year, Star Cruises entered into a strategic alliance with Valuair, Singapore's first low-cost value airline. Both parties will coordinate operations and jointly market attractive fly/cruise packages to provide passengers with a seamless, yet flexible, travel experience at attractive prices.

The Group's education arm, Genting Centre of Excellence continues to play a key role in the training and development of our employees, by providing internal and external programmes. In June 2004, a collaborative partnership was established between Resorts World Bhd and INTI Universal Holdings Bhd to operate a college to be known as Kolej Antarabangsa Genting INTI, which is poised to offer tertiary and vocational courses to the tourism, leisure and hospitality industry.

On 6 May 2005, Resorts World sold its 11.9% equity investment stake in London Clubs International plc ("LCI") to its sister company, Genting International PLC ("Genting International") for £31.7 million. On 13 May 2005, Resorts World sold its 20% stake in E-Genting Holdings Sdn Bhd, the IT development arm of the Genting Group to Genting International. These transactions form a part of the Genting Group's strategy to rationalise its overseas leisure and gaming related businesses under Genting International and to strengthen the Group's position as a leading global leisure and hospitality corporation.

PROSPECTS

With the improved economic outlook and continuous enhancement of our resort facilities, I expect the Group to perform well in 2005. I would like to see the Group further widen its investment horizons, through the expansion of our core businesses into new growth areas, locally and overseas.

We are committed to grow from strength to strength and achieve greater success.

APPRECIATION

I wish to extend my appreciation to our distinguished fellow members of the Board, who have always been supportive and provided valuable insights to the Group throughout the year.

Dato' Siew Nim Chee has, on 18 May 2005, indicated his desire in not seeking to be re-appointed as a Director at the forthcoming AGM. On behalf of the Board, I wish to convey my heartfelt thanks to Dato' Siew for his dedicated service on the Board and its Committees during his tenure of about 11 years. We wish him the best in his future endeavours.

To our shareholders, customers, business associates and the various authorities, thank you for your continued support and confidence in the Group.

Ekonomi Malaysia telah mencapai kadar pertumbuhan yang baik dalam 2004, dengan mencatatkan pertumbuhan Keluaran Dalam Negara Kasar (KDNK) sebanyak 7.1%. Pertumbuhan ini telah dirangsangkan oleh permintaan luaran yang lebih kukuh dalam sektor-sektor pembuatan dan perkhidmatan serta peningkatan perbelanjaan sektor swasta telah meningkatkan permintaan domestik. Sejalan dengan pertumbuhan ekonomi negara yang lebih mantap, Kumpulan telah mencatatkan keputusan yang lebih baik, dengan perolehannya mencatatkan jumlah tertinggi yang baru iaitu sebanyak RM2.8 bilion dalam 2004 (2003: RM2.7 bilion). Keuntungan sebelum cukai Kumpulan tumbuh sebanyak 10% kepada RM833.9 juta dalam 2004 (2003: RM758.7 juta).

Peningkatan perolehan dalam 2004 adalah disebabkan oleh peningkatan prestasi asas dalam sektor Peranginan dan Keraian, hasil daripada ketibaan pelancong yang lebih tinggi. Keuntungan Kumpulan dalam 2004 turut menggambarkan peningkatan keuntungan yang disumbangkan oleh sekutunya, Star Cruises Limited ("Star Cruises"). Keuntungan Kumpulan sepatutnya lebih tinggi pada 2004, sekiranya tidak berlaku penghapusan beberapa aset tetap dan kerugian akibat pengurangan aset.

DIVIDEN

Sebagai polisi, adalah hasrat Kumpulan untuk mengekalkan keseimbangan yang munasabah di antara dividen yang dibayar dengan peruntukan dana untuk tabungan kewangan dan juga untuk mengembangkan perniagaan pada masa depan.

Dividen sementara sebanyak 9.0 sen sesaham tolak cukai 28%, berjumlah RM70.8 juta telah dibayar pada 25 Oktober 2004. Sejajar dengan peningkatan prestasi Kumpulan, Lembaga Pengarah telah mencadangkan untuk menaikkan dividen kasar akhir kepada 11.0 sesaham pada tahun kewangan sebelumnya, tolak cukai sebanyak 28%.

Dividen akhir yang dicadangkan itu berjumlah RM86.5 juta dan memerlukan kelulusan para pemegang saham pada Mesyuarat Agung Tahun Ke-25 yang akan diadakan kelak. Jumlah dividen kasar sesaham untuk tahun berkenaan akan meningkat kepada 20.0 sen daripada 18.0 sen dalam tahun sebelumnya.

PEMBANGUNAN PERNIAGAAN

Perniagaan Kumpulan dalam sektor Peranginan dan Keraian terus diterajui oleh Genting Highlands Resort ("Resort"). Terkenal sebagai Genting - Kota Raya Hiburan, ia merupakan salah satu resort integrasi terkemuka di rantau Asia yang telah menarik perhatian para pengunjung sebanyak 17.4 juta orang, jumlah tertinggi yang baru dalam 2004.

Genting-Kota Raya Hiburan sentiasa menawarkan persembahan-persembahan dan produksi muzikal yang menyediakan kerian dan hiburan untuk seisi keluarga. Persembahan-persembahan yang berjuta-juta ringgit kos diadakan sepanjang 2004 termasuk muzikal *West End Annie* and *Peter Pan* dan persembahan produksi sendiri yang ekstragavanza seperti *Fantastica! - The New Age Circus* dan *H2O* - lampu unik, musik dan keajaiban magik dengan kesan pancutan air yang menakjubkan.

Genting Theme Park meriakan reputasinya untuk memberikan "Kerian di Puncak" yang berterusan dan menakjubkan dengan lebih daripada 60 permainan-permainan dan tarikan-tarikan. Sensasi permainan terbaru, *Flying Coaster* adalah roller coaster gantung meluncur yang pertama di rantau Asia yang memberikan para penggemar keseronokan sensasi terbang sifar graviti yang sungguh hebat.

Sumber-sumber sentiasa disalurkan ke dalam Resort untuk terus membangunkan kemudahannya-kemudahannya sentiasa agar memenuhi permintaan para pelanggan dan mempertingkatkan lagi kedudukan kompetitif kami. Saya gembira untuk memaklumkan bahawa Resort kami telah berkembang daripada sebuah hotel yang mempunyai 200 bilik kepada enam buah hotel yang mempunyai 8,000 bilik dan akan mencecah 10,000 bilik apabila Menara 2 Hotel First World siap

sepenuhnya tidak lama lagi. Kumpulan telah melaburkan kira-kira RM5 bilion untuk membangunkan Resort kepada kebanggaannya sekarang - salah satu resort Peranginan dan Keraian bersepadu yang terkemuka di Asia.

Antara pembangunan-pembangunan utama dalam 2004 ialah penyiapan 1,000 bilik pertama di Menara 2 First World Hotel. Sebanyak 2,000 bilik lagi dijangka siap pada akhir 2005. Apabila siap sepenuhnya, First World Hotel akan menawarkan sejumlah 6,200 bilik, menjadikannya hotel yang terbesar di dunia.

Di First World Plaza, *Star World* baru yang ditempatkan semula dan diubahsuai dengan tarikan permainan baru, telah dibuka secara rasmi pada 26 November 2004. *Safari Disco* di Genting Hotel, telah dibuka semula selepas tiga bulan diubahsuai dengan wajah yang lebih trendi dan *Cloud 9 Disco* telah diubah menjadi pub ria *Cloud 9* pada November 2004 yang lebih menarik untuk golongan muda.

Dua restoran baru di Genting Hotel telah diperkenalkan, *Ming Ren - The Lamb Specialist Restaurant* dan *The Olive*, yang menawarkan masakan Eropah yang disajikan dalam suasana yang berkelas. *Hou Mei Noodle House* telah diperkenalkan di First World Plaza.

Untuk penggemar kecergasan dan spa, *M Spa* yang elegan reka bentuknya dan baru dibuka, dilengkapi dengan peralatan gim terkini dan menawarkan pelbagai rawatan spa, sesuai untuk melegakan tekanan jiwa dan merehatkan tubuh.

Usaha Kumpulan untuk mempertingkatkan dan menaikkan taraf infrastruktur Resort maju selangkah lagi dengan pembinaan jalan pintas baru sejauh 4.5 kilometer di antara puncak bukit dan kawasan Chin Swee Caves Temple. Pembinaan jalan pintas ini dijadual siap pada suku ketiga 2005 dan akan berfungsi sebagai laluan alternatif ke puncak bukit Resort. Laluan berkenaan akan memudahkan aliran trafik, yang dijangka bertambah apabila Menara 2 First World Hotel siap.

WorldCard, program kesetiaan pelanggan Kumpulan terus semakin berkembang pada kadar kukuh sebanyak 37% untuk mencecah 1.3 juta ahli dalam 2004. Perjanjian dengan Star Cruises pada Januari 2004 membolehkan *WorldCard* secara bersama menghasilkan dan mengembangkan program kesetiaan *WorldCard*. Ahli-ahli *WorldCard* boleh menikmati nilai dan pengiktirafan merentasi sempadan di lebih daripada 330 syarikat dagang yang memiliki hampir 1,400 premis niaga di Malaysia, Singapura dan Hong Kong.

Rangkaian resort hotel Awana telah diubahsuai secara berperingkat untuk mempertingkatkan lagi kemudahan-kemudahan resortnya. Awana Kijal Golf, Beach & Spa Resort ("Awana Kijal") di Terengganu diiktirafkan sebagai Resort

No. 1 di Pantai Timur 2004 oleh majalah Hospitality. Pembukaan Lebuhraya Pantai Timur pada Ogos 2004 telah memudahkan perhubungan jalan raya dan bantu mempromosikan lagi Awana Kijal sebagai pilihan destinasi percutian di pantai timur Malaysia.

Star Cruises, dengan 36.1%-milik kepentingan Kumpulan, merupakan rangkaian kapal persiaran ketiga yang terbesar di dunia dan pengendali kapal persiaran yang terkemuka di rantau Asia Pasifik, terus mengekalkan strategi-strategi perkapalan yang fleksibel untuk mengendalikan cabaran-cabaran di luar dugaan dan untuk menawarkan jadual perjalanan, pelayaran persiaran yang terbaik. Subsidiari Star Cruises, NCL Corporation Ltd ("NCL") dijadual untuk menerima penghantaran dua kapal baru, *Pride of Amerika* dan *Norwegian Jewel* masing-masing di dalam Jun dan Ogos 2005.

Pride of Hawaii, kapal baru ketiga bagi rangkaian kapal NCL Amerika akan dihantar pada April 2006. Syarikat telah memeterai kontrak untuk dua buah lagi kapal baru, dijadual untuk menerima penghantaran dalam 2007.

Dalam memenuhi peranan kami sebagai syarikat prihatin dan bertanggungjawab, Kumpulan terus memberikan sokongan kepada pelbagai badan kebajikan, pertubuhan bukan kerajaan, persatuan sukan dan usaha bermanfaat yang lain di negara ini.

Berikutan tragedi tsunami pada 26 Disember 2004 yang telah menjejaskan dan meranapkan rumah dan pekan di persisiran pantai di beberapa negara termasuk Malaysia, Kumpulan telah menyumbang melebihi RM3.5 juta berkaitan dengan bencana tsunami termasuk, RM1 juta masing-masing untuk menyokong Tabung Bencana Tsunami Malaysia, Tabung Bencana Tsunami Indonesia dan Force of Nature Foundation.

PEMBANGUNAN KORPORAT

Salah satu strategi-strategi Kumpulan untuk terus berkembang dan maju adalah dengan membentuk usaha sama-usaha sama strategik. Pada tahun 2004, Star Cruises bersekutu strategik dengan Valuair, pengangkutan udara dengan nilai kos rendah yang pertama di Singapura. Bekerjasama secara sinergi dalam usaha pemasaran dan operasi, kedua-dua pihak akan berkoordinasi operasi dan memasarkan secara bersama pakej-pakej penerbangan/pelayaran persiaran untuk memberikan para pelanggan pengalaman pelancongan yang lancar dan fleksibel pada harga-harga yang menarik.

Pengendali sektor pendidikan Kumpulan, Genting Centre of Excellence terus memainkan peranan penting dalam melatih dan membangunkan para pekerja kami, dengan menyediakan program-program dalaman dan luaran. Dalam Jun 2004, usaha sama telah dijalinkan di antara Resort World Bhd dan INTI Universal Holdings Bhd untuk mengendalikan sebuah kolej yang dikenali sebagai Kolej Antarabangsa Genting INTI, yang bersedia untuk menawarkan kursus peringkat tinggi dan vokasional kepada industri pelancongan, peranginan dan keraian.

Pada 6 Mei 2005, Resorts World telah menjualkan 11.9% kepentingan ekuiti pelaburannya di dalam Londons Clubs International plc ("LCI") kepada syarikat beradiknya, Genting International untuk £31.7 juta. Pada 13 Mei 2005, Resorts World telah menjualkan 20% kepentingannya di dalam E-Genting Holdings Sdn Bhd, iaitu bahagian kemajuan teknologi Kumpulan Genting kepada Genting International.

Urusniaga-urusniaga tersebut adalah sebahagian daripada strategi Kumpulan Genting untuk merasionalkan operasi-operasi berkaitan keraian dan permainan perjudian di luar negeri di bawah naungan Genting International dan untuk memperkukuhkan kedudukan Kumpulan sebagai organisasi peranginan dan keraian yang unggul di sejangat dunia.

PROSPEK

Dengan pertumbuhan ekonomi yang semakin baik dan pembangunan berterusan untuk kemudahan-kemudahan resort kami, saya menjangka Kumpulan dapat mencatatkan prestasi yang baik dalam 2005. Saya harap Kumpulan dapat meluaskan lagi pelaburannya, melalui langkah memperkembangkan perniagaan teras kami ke pertumbuhan-pertumbuhan baru, di dalam dan di luar negara.

Kita bertekad untuk mengukuhkan kekuatan demi mencapai lebih kejayaan.

PENGHARGAAN

Saya ingin menyampaikan penghargaan kepada rakan-rakan ahli Lembaga Pengarah kami yang terunggul sekalian, yang telah sentiasa menyokong and menyumbangkan buah fikiran yang tinggi nilainya kepada Kumpulan sepanjang tahun berkenaan.

Pada 18 Mei 2005, Dato' Siew Nim Chee telah menyuarakan hasratnya untuk tidak dilantik semula sebagai Pengarah pada MAT yang akan datang. Bagi pihak Lembaga, kami ingin mengucapkan terima kasih yang tulus ikhlas kepada Dato' Siew ke atas khidmat beliau yang berdedikasi semasa memegang jawatan dalam Lembaga and Jawatankuasa-jawatankuasanya selama kira-kira 11 tahun. Kami mengucapkan selamat bersara kepada beliau.

Kepada para pemegang saham, pelanggan, sekutu niaga dan pelbagai pihak berkuasa, terima kasih ke atas sokongan dan keyakinan berterusan terhadap Kumpulan.

“我們的任務是使本集團能持續不斷地增長，以取得更大的成就。”

2004年業績概要

我謹代表董事部欣然呈獻截至2004年12月31日止的名勝世界集團（本集團）常年報告及已審核的財政報告。

馬來西亞經濟在2004年取得良好的增長勢頭，創下7.1%的國內生產總值增長，這是2000年以來最快速的國內生產總值增長。此項增長主要是由製造及服務業的強勁外在需求，以及使國內需求獲得提升的較高私人界消費所推動。配合我國更強勁的經濟增長，本集團在2004年取得了更好的業績，其營業額創下廿八億令吉的新高記錄（2003年：

廿七億令吉）。本集團在2004年的稅前盈利增加10%至八億三千三百九十萬令吉（2003年：七億五千八百七十萬令吉）。

2004年的較高營業額，主要歸諸于休閒及酒店業，因訪客人次的增加而取得的較佳業績。本集團2004年的盈利也反映其聯號公司麗星郵輪有限公司（麗星郵輪）的盈利貢獻獲得改善。若不是註銷一些固定資產和資產損壞的虧損，本集團2004年的盈利將會更高。

股息

本集團的政策是要在股息的分發與理財謹慎及未來生意擴展的撥款之間維持合理的平衡。每股享有9.0仙，但須扣28%稅而高達七千零八十萬令吉的中期股息，已于2004年10月25日付出。配合本集團獲得改善的業績，董事部建議，本年度的終期股息自上一年每股享有的9.5仙，增至每股11.0仙，但須扣28%所得稅。

建議中的終期股息高達八千六百五十萬令吉，它須獲得行將來臨的第25屆股東大會的批准。本年分發的每股股息總額，從上一年的18.0仙增至20.0仙。

業務發展

本集團的休閒及酒店業務繼續由雲頂高原勝地（名勝）推動。眾所週知的雲頂娛樂城是亞洲首屈一指的綜合名勝地。它在2004年吸引了一千七百四十萬新高記錄的訪客人次。

雲頂娛樂城繼續呈獻令人如痴如醉的表演和音樂劇，為一家大小提供歡樂及娛樂。在2004年舉辦的耗資千萬元表演，當中包括受高度讚揚的倫敦西區音樂劇 Annie 及 Peter Pan，以及由本身內部推出的表演盛會如 Fantastica! — 一種新時代的馬戲團；以及提供令人嚮往的帶有噴泉效應的獨特燈光、音樂及魔術奇觀的 H2O。

一如其名，雲頂主題公園設有超過五十項的坐遊設備及景點，為訪客提供無窮盡和刺激的‘至高無上娛樂’。新近推出的轟動坐遊設備 Flying Coaster，是亞洲首推的懸掛式滑行波浪車，為好刺激者提供不可思議的無重心飛行享受。

我們不斷地為勝地注入資源，發展其設備，以有效地應付客戶千變萬化的需求，並提升我們的競爭地位。我很欣慰的是，我們的勝地已從區區一家擁有二百間客房的酒店，發展成擁有八千間客房的六家酒店。不久之後，當第一大酒店的塔樓2全部完竣後，它的客房將增至一萬間。本集團已投資大約五十億令吉將勝地發展成今天的規模——它是亞洲首屈一指的綜合休閒娛樂勝地之一。

在2004年推行的重大發展，是成功建竣第一大酒店塔樓2的首一千間客房。另外2千間客房預訂在2005年杪之前完成。一旦全部建竣，第一大酒店將一共提供大約六千二百間客房，成為世上最大的酒店。

位于第一大廣場的全新星際世界 (Star World) 在遷移及裝修後設有新博彩景點，並已在2004年11月26日正式開張。位于雲頂酒店的 Safari 迪士高，經過三個月的裝修，以更見新潮外觀重新啟業，而其 Cloud 9 迪士高已在2004年11月間被改為 Cloud 9 休閒酒吧，以進一步吸引年青的一群。

我們也為許多餐飲場所增添新的餐飲店，以進一步提供更廣泛的食物和膳食享受。雲頂酒店已推出兩家新的餐廳，即拿手羊肉的名人餐廳，和在高雅調氣氛下提供歐式菜餚的 The Olive 餐廳。第一大廣場也推出好味麵家。

對健身及溫泉浴的發燒友來說，新開張而具文雅設計的 M Spa，設有最新穎的健身設備，它提供各種不同的溫泉浴治療，是最佳的消除壓力及放鬆身心的去處。

隨著山頂與清水岩寺廟之間新4.5公里長繞道的興建，本集團在提升和改善本勝地的基礎設施所作的努力，已向前邁進一步。該繞道預訂在2005年第三季之前建竣，它將作為前往勝地山頂的另一條道路。該道路預料將舒緩第一大酒店塔樓2完成後增加的交通流量。

本集團客戶忠誠計劃下的環通卡，在2004年繼續穩健增長37%而達到擁有一百卅萬名會員。2004年一月與麗星郵輪簽署的協議，已使環通卡能共同發展其忠誠計劃。環通卡會員可在大馬、新加坡和香港超過三百卅名商家經營的近乎一千四百間行銷處，享有跨國界的價值並獲得認同。

阿娃那的連鎖度假酒店已逐步獲得修整，以提升其與勝地有關的設備。登嘉樓的阿娃那琪佳高爾夫海濱勝地(阿娃那琪佳)，被休閒酒店刊物選為2004年度東海岸第一名勝。2004年8月開始啟用的東海岸快速大道已縮短前往阿娃那琪佳的路程，並進一步助使促銷阿娃那琪佳成為大馬東海岸的頂尖渡假目的地。

本集團擁有36.1%股權，而且是世界第三大郵輪公司和亞太區首屈一指郵輪業者的麗星郵輪，繼續採納伸縮性的船隊策略來處理突發性的挑戰，以及提供最佳的航遊行程。麗星郵輪的子公司挪威郵輪公司 (NCL)，預訂會分別在2005年6月和8月獲得兩艘新郵輪的交貨，即美國之傲 (Pride of America) 和挪威寶石號 (Norwegian Jewel)。

美國NCL船隊的第三艘新郵輪，夏威夷之傲 (Pride of Hawaii)，將於2006年4月交貨。此公司已簽署另兩艘新郵輪合約，預料將在2007年交貨。

為落實我們作為一家有愛心和負責任的企業公司，本集團繼續對我國各種不同的慈善團體、非政府機構、體育協會及其他公益事業給予支持。

2004年12月26日發生的海嘯慘劇使多個國家包括大馬的海岸地區家園和城市遭受影響，本集團已對此災難作出超過三百五十萬令吉的捐獻，即捐給大馬海嘯災難基金、印尼海嘯災難基金和大自然基金各一百萬令吉，以表支持。

企業發展

本集團欲進一步擴展和增長的其中一項策略，是建立策略性聯盟。在這一年，麗星郵輪與新加坡首家廉價航空公司 Valuair 簽署了一項策略性聯盟。雙方將協調運作，並共同推銷飛機/郵輪配套，以吸引人的票價為乘客提供一項無間斷，但又具伸縮性的旅行享受。

本集團的教育臂膀雲頂卓越中心，以提供內部及外在課程的方式，繼續為員工的培訓和發展扮演著一項重要的角色。2004年6月，名勝世界有限公司與英迪宇宙控股有限公司簽署一項合作伙伴計劃，以經營一家名為雲頂英迪國際學院的學院。這家學院將為旅遊、休閒及酒店業提供大學和職業性課程。

在2005年5月6日，名勝以三千一百七十萬英鎊出售其在倫敦俱樂部國際有限公司 ("LCI") 的11.9%股權予其姐妹公司，即雲頂國際。2005年5月13日，名勝世界有限公司出售其在雲頂集團的資訊科技發展臂膀，即 E-Genting 控股私人有限公司的 20% 股權。上述交易是雲頂集團的一項策略，以合理化雲頂國際在海外與休閒及博彩有關的業務，並攻固本集團作為全球性休閒及酒店業者的領導地位。

前景

由于經濟景況的改善以及本勝地設備的不斷提升，我預期本集團在2005年會作出良好的表現。我希望看到本集團能透過擴展核心業務至國內外的新成長領域，進一步擴大其投資視野。

我們的任務是使本集團能持續地增長，以取得更大的成就。

致謝

我要對尊貴的董事部同仁過去一年來對本集團的支持和提供的寶貴意見，致以謝意。

拿督蕭念慈于2005年5月18日表示在將來臨的常年股東大會，他無意尋求被重委任為公司董事。我謹代表董事部向拿督蕭念慈在這十一年來任職期間為董事部和各委員會所作的獻身服務，深表由衷的感激。我們祝他未來的事業萬事如意。

對我們的股東，客戶，商業同仁以及各有關當局所給予本集團的持續不斷的支持和信賴，我要說聲謝謝。

The Resort's tourist arrivals from China, Middle East, India and neighbouring countries grew encouragingly while visits from the domestic market remained strong.

The Resort offers an impressive myriad of entertainment shows and attractions every year. The Resort's three mega entertainment venues with a combined capacity of close to 10,000-pax hosted 76 star-studded shows and international performances in 2004, including international artistes such as Sammi Cheng, A-Mei, Nicholas Tse, Richie Ren, Beyond, Sally Yeh, Jenny Tseng, David Gates, Lobo and many others.

It has played host to hundreds of international stars including Andy Lau, Jacky Cheung, Aaron Kwok, Michael Learns To Rock, Sir Cliff Richard. It has hosted glamorous pageants and awards such as ASTRO Miss Chinese International Pageant 2004 and Global Chinese Music Chart Awards Star Showcase. The Vienna Boys Choir from Austria also sang to a full house at the Arena Of Stars in 2004.

Renowned instrumental artistes who performed at the Arena Of Stars in 2004 included Richard Clayderman, Kitaro, Maksim and the 12 Girls Band from China. Sports-related events included the 6th Genting World Lion Dance Championship, ITF Taekwondo Championship 2004, Miss Malaysia Fitness Pageant as well as local award shows such as the Anugerah Bintang Popular Berita Harian and the inaugural Malaysian Idol finals.

Over 20,000 partygoers 'raved' the night away during the *Salem rev-Elation* party while an estimated 15,000 celebrated *IndepDance* party at the parking lot of First World Hotel.

FIRST WORLD HOTEL & PLAZA ("FIRST WORLD COMPLEX")

The Resort proudly owns and manages Malaysia's largest hotel and shopping-cum-entertainment complex, First World Hotel & Plaza.

INFRASTRUCTURE & TRANSPORTATION

The Resort is less than an hours drive from Kuala Lumpur and is easily accessible by excellent road networks and highway infrastructure as well as by helicopter.

One of the Group's top priorities has always been convenient, safe and comfortable travel to and from the Resort. This has resulted in continuous efforts to upgrade the road infrastructure and enhance accessibility. The construction of the new 4.5 km two-lane bypass road between the hilltop and Chin Swee Caves Temple area continued in 2004. Once ready, this bypass will serve as an alternative route to the Resort's hilltop and ease traffic flow, which is expected to increase when Tower 2 of First World Complex is completed.

It is the policy of the Company to manage the affairs of the Group in accordance with the appropriate standards for good corporate governance. Set out below is a statement on how the Company has applied the principles and complied with the best practices as set out in the Malaysia Code on Corporate Governance ("the Code").

A. DIRECTORS

(i) The Board

The Board has overall responsibility for the proper conduct of the Company's business. The Board meets on a quarterly basis and additionally as required. The Board has a formal schedule of matters specifically reserved for its decision, including overall strategic direction, annual operating plan, capital expenditure plan, acquisitions and disposals, major capital projects and the monitoring of the Group's operating and financial performance.

Formal Board Committees established by the Board in accordance with the Code namely, the Audit Committee, Nomination Committee and Remuneration Committee assist the Board in the discharge of its duties.

During the year under review, four meetings of the Board were held and all Directors have complied with the requirements in respect of board meeting attendance as provided in the Articles of Association.

The details of Directors' attendances are set out below:

Name of Directors	Number of Meetings Attended
Tan Sri Lim Kok Thay	4
Tun Mohammed Hanif bin Omar	3
Tan Sri Alwi Jantan	4
Mr Quah Chek Tin	4

(ii) Board Balance

During the financial year, the Board had nine members, five executive Directors and four non-executive Directors. All of the four non-executive Directors are independent non-executive Directors. The Directors have wide ranging experience and all have occupied or currently occupy senior positions in the public and/or private sectors. The independent non-executive Directors provide a strong independent element on the Board with Dato' Siew Nim Chee as the senior independent non-executive Director to whom concerns may be conveyed. The independent non-executive Directors also participate in the Audit, Remuneration and Nomination Committees as members of these Committees.

The Board is mindful of the dual roles of Chairman and Chief Executive held by Tan Sri Lim Kok Thay but is of the view that there are sufficient experienced and independent-minded Directors on the Board to provide the assurance that there is sufficient check and balance. STATEMENT ON INTERNAL CONTROL

The Board's Responsibilities

In relation to internal control, pursuant to the requirements under the Malaysian Code on Corporate Governance for companies listed on the Bursa Malaysia Securities Berhad (formerly known as Malaysia Securities Exchange Berhad) ["Bursa Malaysia"], the Board of Directors ("the Board") acknowledges their responsibility under the Bursa Malaysia Listing Requirements to: -

- Identify principal risks and ensure implementation of appropriate control measures to manage the risks.
- Review the adequacy and integrity of the internal control system and management information systems and systems for compliance with applicable laws, regulations, rules, directives and guidelines.

It should be noted that an internal control system is designed to manage risks rather than eliminate them and can provide only reasonable but not absolute assurance against any material misstatement or loss.

The Board confirms that there is an ongoing risk management process established to identify, evaluate, and manage significant risks to effectively mitigate the risks that may impede the achievement of the RWB Group of companies' ("the RWB Group") business and corporate objectives. The Board reviews the process on a regular basis to ensure proper management of risks and measures are taken to mitigate any weaknesses in the control environment.

The Risk Management Process

The RWB Group has implemented the Control Self-Assessment ("CSA") to formalise the risk management process. With the CSA, departments/business areas of the Group are required to identify and evaluate controls within key functions/activities of their business processes.

The implementation of the risk management process for the RWB Group is the responsibility of the Executive Committee comprising the Executive Directors, the Business/Operations Heads of RWB Group's operating units with oversight and assistance provided by relevant senior management staff of the holding company, Genting Berhad. To further oversee the effectiveness of the risk management program, a Risk and Business Continuity Management Committee (RBCMC) chaired by the Head Of Finance ("SVP Finance") was formed in June, 2004.

The key aspects of the risk management process are:-

- Business/Operations Heads are required to update their risk profiles on a half yearly basis and in this regard issue a Letter of Assurance to confirm that they have reviewed the risk profiles, risk reports and related business processes and are also monitoring the implementation of action plans.
- Reviews of the risk profiles, the control procedures and status of the action plans are carried out on a regular basis by the Group Risk Manager of the holding company and the Business/Operations Heads.
- Management of the respective companies is provided with reports to enable them to review, discuss and monitor the risk profiles and implementation of action plans.
- The SVP-Finance presents to the RWB Group Executive Committee on a quarterly basis a summary of the risk assessments to report the RWB Group's significant risks and the status of control measures implemented or to be implemented to deal with the risks

- On a quarterly basis a risk management report summarizing the significant risks and/or the status of action plans are presented to the Audit Committee for review, deliberation and recommendation for endorsement/approval by the Board of Directors.

The Internal Control Processes

The other key aspects of the internal control process are:-

- The Board and the Audit Committee meet every quarter to discuss matters raised by Management on business and operational matters including potential risks and control issues.
- The Board has delegated the responsibilities to various committees established by the Board and Management of the RWB Group to implement and monitor the Board's policies on controls.
- Delegation of authority including authorization limits at various levels of Management and those requiring The Board's approval are documented and designed to ensure accountability and responsibility.
- Internal procedures and policies are clearly documented in manuals and reviewed and revised periodically to meet changing business, operational and statutory reporting needs.
- Performance and cash flow reports are provided to Management and the Group Finance Committee to review and monitor the financial performance and cash flow position.
- Business/operating units present their annual budget which includes the financial and operating targets, capital expenditure proposals and performance indicators for approval by Group Finance Committee and the Board.
- A half yearly review of the annual budget is undertaken by Management to identify and where appropriate, to address significant variances from the budget.

Some weaknesses in internal control were identified for the year under review but these are not deemed significant and hence have not been included in this statement, as these weaknesses have not materially impacted the business or operations of the RWB Group.

Business continuity management is regarded an integral part of RWB Group's risk management process. In this regard, the RWB Group has commenced implementation of business continuity plans to minimize business disruptions in the event of potential failure of critical IT systems and operational processes. The business continuity plan for RWB Group's core business operations has been finalized and is currently being documented.

The Board in issuing this statement has taken into consideration the representation made by its associated company, Star Cruises Limited in respect of its state of internal control.

The Internal Audit Function

The Group Internal Audit Division ("Group Internal Audit") is responsible for undertaking regular and systematic review of the internal controls to provide the RWB Group Audit Committee and the Board with sufficient assurance that the systems of internal control are effective in addressing the risks identified.

On a quarterly basis, Group Internal Audit submits audit reports and plan status for review and approval by the RWB Group Audit Committee. Included in the reports are recommended corrective measures on risks identified, if any, for implementation by Management.

NOTES TO THE FINANCIAL STATEMENTS

31 December 2004

Amounts in RM million unless otherwise stated

1. PRINCIPAL ACTIVITIES

The Company is involved in a tourist resort business at Genting Highlands and its activities cover leisure and hospitality services, which comprise amusement, gaming, hotel and entertainment.

The principal activities of the subsidiaries include property development and management, leisure and hospitality services, investments, time share ownership scheme, tours and travel related services.

The principal activities of the associates include cruise and cruise related operations, investment holding and provision of information technology related services.

Details of the principal activities of the subsidiaries and associates are set out in Notes 37 and 16 to the financial statements respectively.

There have been no significant changes in the nature of the activities of the Group and of the Company during the financial year.

2. BASIS OF PREPARATION

The financial statements are prepared in accordance with and comply with the applicable approved accounting standards in Malaysia and the provisions of the Companies Act, 1965. The financial statements adopt the historical cost convention modified by the revaluation of certain property, plant and equipment and land held for development and unless otherwise indicated in the individual policy statements set out in Note 3 to the financial statements.

The preparation of financial statements in conformity with the applicable approved accounting standards in Malaysia and the provisions of the Companies Act, 1965 requires the Directors to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the financial year. Although these estimates are based on the Directors' best knowledge of current events and actions, actual results could differ from those estimates.

3. SIGNIFICANT ACCOUNTING POLICIES

Accounting policies adopted by the Group and the Company have been applied consistently in dealing with all material items in relation to the financial statements.

In addition, the Group complies with new accounting standards that are effective for the financial year. Where the accounting standards require retrospective application on adoption, it is complied with, except in cases where the standard specifically does not require comparatives on first adoption due to non availability of such information or when it is not practicable to do so.

The following are the significant accounting policies adopted by the Group:

Basis of Consolidation

Investments in subsidiaries are eliminated on consolidation while investments in associates are accounted for by the equity method of accounting.

a) Subsidiaries

The consolidated financial statements include the audited financial statements of the Company and all its subsidiaries made up to the end of the financial year. Subsidiaries are those companies in which the Group has power to exercise control over the financial and operating policies so as to obtain benefits from their activities.

3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Basis of Consolidation (Cont'd)

a) Subsidiaries (Cont'd)

Subsidiaries are consolidated from the date on which effective control is transferred to the Group and are no longer consolidated from the date that control ceases. Subsidiaries are consolidated using the acquisition method of accounting whereby the results of subsidiaries acquired or disposed of during the financial year are included from the date of acquisition up to the date when the control ceases. At the date of acquisition, the fair values of the subsidiaries' net assets are determined and these values are reflected in the consolidated financial statements. The excess of the cost of acquisition over the Group's share of the fair value of the identifiable net assets of the subsidiary acquired at the date of acquisition is reflected as goodwill. See the accounting policy note on the treatment of goodwill.

All material intra-group transactions, balances and unrealised gains on transactions between group companies have been eliminated; unrealised losses have also been eliminated unless cost cannot be recovered. Where necessary, accounting policies for subsidiaries have been changed to ensure consistency with the policies adopted by the Group.

The gain or loss on disposal of a subsidiary is the difference between net disposal proceeds and the Group's share of its net assets together with any balance of goodwill on acquisition and exchange differences which were not previously recognised in the consolidated income statement.

Minority interests is measured at the minorities' share of the fair value of the identifiable assets and liabilities of the acquiree as at the date of acquisition and the minorities' share of movements in the acquiree's net assets since that date. Separate disclosure is made of minority interests.

b) Associates

Associates are companies in which the Group exercises significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the associates but not control over those policies.

Equity accounting involves recognising in the income statement the Group's share of the associates' results for the financial year. The Group's interest in associates is stated at cost net of goodwill written off, for acquisitions prior to 1 January 2004, plus adjustments to reflect changes in the Group's share of the net assets of the associates. Equity accounting is discontinued when the carrying amount of the investment in an associate reaches zero, unless the Group has incurred obligations or made payments on behalf of the associate.

Unrealised gains on transactions between the Group and its associates undertakings are eliminated to the extent of the Group's interest in the associates; unrealised losses are also eliminated unless the transaction provides evidence of impairment on the assets transferred.

Borrowing Costs

Borrowings are recognised based on proceeds received. Costs incurred on external borrowings to finance qualifying assets are capitalised until the assets are ready for their intended use after which such expenses are charged to the income statement. All other borrowing costs are charged to the income statement.

Impairment of Assets

The carrying values of assets, other than inventories, assets arising from construction contracts, deferred tax assets and financial assets, are reviewed for impairment losses whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If such indication exists, an impairment review is performed to assess whether the carrying amount of the asset is fully recoverable. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. The recoverable amount is the higher of an asset's net selling price and its value in use, which is measured by reference to discounted future cash flows. Recoverable amounts are estimated for individual assets, or if it is not possible, for the cash generating unit. An impairment charge is made if the carrying amount exceeds the recoverable amount.

An impairment loss is charged to the income statement, unless the asset is carried at revalued amount, in which case the impairment loss is used to reduce the revaluation surplus.

3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Impairment of Assets (Cont'd)

An impairment loss is reversed only to the extent of previously recognised impairment losses for the same asset. The reversal is recognised in the income statement, unless the asset is carried at revalued amount, in which case it is credited directly to revaluation surplus. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense in the income statement, a reversal of that impairment loss is recognised in the income statement.

Property, Plant and Equipment

Property, plant and equipment are stated at cost less accumulated depreciation, amortisation and impairment loss where applicable.

Freehold land and property, plant and equipment which are under construction are not depreciated. Depreciation on assets under construction commences when the assets are ready for their intended use.

Leasehold properties are amortised equally over their respective periods of lease, ranging from 60 to 99 years.

Other property, plant and equipment are depreciated over their estimated useful lives using the straight-line method. The annual rates of depreciation used for the major classes of property, plant and equipment are as follows:

Buildings and improvements	2% - 50%
Plant, equipment and vehicles	10% - 50%

Where an indication of impairment exists, the carrying amount of the asset is assessed and written down immediately to its recoverable amount. See accounting policy note on impairment of assets.

Gains and losses on disposals are determined by comparing the proceeds with carrying amounts and are included in profit/(loss) from operations.

Property Development Activities

a) Land Held for Property Development

Land held for property development consists of land on which no significant development work has been undertaken or where development activities are not expected to be completed within the normal operating cycle. Such land is classified as non-current asset and is stated at cost less accumulated impairment losses.

Cost of acquisition includes all related costs incurred on activities necessary to prepare the land for its intended use. Where the Group had previously recorded the land at revalued amounts, it continues to retain these amounts as its surrogate cost as allowed by MASB No. 32, Property Development Activities. Where an indication of impairment exists, the carrying amount of the asset is assessed and written down immediately to its recoverable amount. See accounting policy note on impairment of assets.

Land held for development is transferred to property development costs and included under current assets when development activities have commenced and where the development activities can be completed within the normal operating cycles.

b) Property Development Costs

Property development costs comprise costs associated with the acquisition of land and all costs directly attributable to development activities or costs that can be allocated on a reasonable basis to these activities.

When the outcome of the development activity can be estimated reliably, property development revenue and expenses are recognised by using the percentage of completion method. Under this method, profits are recognised as the property development activity progresses. The stage of completion is determined based on proportion of property development costs incurred for work performed up to the balance sheet date over the estimated total property development cost to completion.

3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Property Development Activities (Cont'd)

b) Property Development Costs (cont'd)

When the outcome of a development activity cannot be reliably estimated, property development revenue is recognised only to the extent of property development costs incurred that is probable of recovery; property development costs on the development units sold are recognised when incurred. Foreseeable losses, if any, arising when it is probable that total property development costs (including expected defect liability expenditure) will exceed total property development revenue, are recognised immediately in the income statement.

Property development costs not recognised as an expense is recognised as an asset and is stated at the lower of cost and net realisable value. Upon completion of development, the unsold completed development properties are transferred to inventories.

Where revenue recognised in the income statement exceed billings to purchasers, the balance is shown as accrued billings under trade and other receivables (within current assets). Where billings to purchasers exceed revenue recognised in the income statement, the balance is shown as progress billings under trade and other payables (within current liabilities).

MASB No. 32 became operative for financial periods commencing 1 January 2004. Consequently, in compliance with the Standard, "Real property assets" has been renamed as "Land held for property development". The comparatives in respect of property development and trade and other receivables have been restated. See note 32 on Changes in Accounting Policies.

Investments

Long term investments, both quoted and unquoted, include investments in subsidiaries, associates and other non-current investments. Investments in subsidiaries and associates are stated at cost. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. See accounting policy note on impairment of assets.

Investments in other non-current investments are shown at cost and an allowance for diminution in value is made where, in the opinion of the Directors, there is a decline other than temporary in the value of such investments. Such a decline is recognised as an expense in the period in which it is identified.

Short term quoted investments are stated at the lower of cost and market value, determined on a portfolio basis by comparing aggregate cost against aggregate market value. Money market instruments are stated at the lower of cost and net realisable value.

On disposal of an investment, the difference between net disposal proceeds and its carrying amount is charged/credited to the income statement.

Goodwill

Goodwill represents the excess of the purchase price over the Group's share of the fair value of the identifiable net assets of the subsidiaries and associates at the date of acquisition.

Goodwill on acquisition of subsidiaries on or after 1 January 2004 is recognised as an intangible asset and disclosed separately on the consolidated balance sheet at cost less any impairment losses. Goodwill, less any impairment losses, on acquisition of associates occurring on or after 1 January 2004 is included in investments in associates. Prior to 1 January 2004, the Group's policy was to write off goodwill to the income statement in the financial year when the acquisition occurs. The change in accounting policy is applied prospectively with effect from the current financial year as the resulting adjustment that relates to previous financial years is not reasonably determinable and impractical to reinstate. The comparative figures are therefore not restated.

With this change, the carrying value of goodwill will be subject to annual impairment review and whenever events or changes in circumstances indicate that it may not be recoverable. An impairment charge will be recognised in the income statement when the results of such impairment review indicate that the carrying value of goodwill is impaired.

3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Inventories

Inventories are stated at the lower of cost and net realisable value. Cost includes, where relevant, appropriate proportions of overheads and is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business, less costs to completion and selling expenses.

The cost of unsold properties comprises cost associated with the acquisition of land, direct costs and an appropriate proportion of allocated costs attributable to property development activities.

Receivables

Receivables are carried at estimated realisable value. In estimating realisable value, an allowance is made for doubtful receivables based on a review of all outstanding amounts at the financial year end. Bad debts are written off during the financial year in which they are identified.

Cash and Cash Equivalents

Cash and cash equivalents include cash and bank balances, deposits and other short term, highly liquid investments that are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Money market instruments are included within the short term investments in current assets in the balance sheet.

Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of a past event, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and when a reliable estimate can be made of the amount of the obligation.

Contingent liabilities and contingent assets

The Group does not recognise a contingent liability but discloses its existence in the financial statements. A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. When a change in the probability of an outflow of economic resources occurs, so that the outflow is probable, it will then be recognised as a provision.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by uncertain future events beyond the control of the Group. The Group does not recognise contingent assets but discloses its existence where inflow of economic benefits are probable, but not virtually certain. When inflow of economic resources is virtually certain, the asset is recognised.

Employee Benefits

a) Short term employee benefits

Short term employee benefits include wages, salaries, bonus, social security contributions and paid annual leave. These benefits are accrued when incurred and are measured on an undiscounted basis.

b) Post employment benefits

Post employment benefits include defined contribution plans under which the Group pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. These benefits are accrued when incurred and are measured on an undiscounted basis.

3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Employee Benefits (Cont'd)

c) Long term employee benefits

Long term employee benefits include retirement gratuities payable under a retirement gratuity scheme which was established in 1991 by the Board of Directors for Executives and Executive Directors of the Company and certain subsidiaries. The level of retirement gratuities payable is determined by the Board of Directors in relation to the past services rendered and it does not take into account the employee's service to be rendered in later years up to retirement. The gratuity, which is calculated based either on length of service and basic salary as at the reporting date or on the basis of emoluments earned in the immediate past three years, is a vested benefit when the employee reaches retirement age.

The present value of the retirement gratuities is determined by discounting the amount payable by reference to market yields at the balance sheet date on high quality corporate bonds which have terms to maturity approximating the terms of the related liability. Employee turnover is also factored in arriving at the level of the retirement gratuities payable. The differences arising from the application of such discounting as well as any past service costs and the effects of any curtailments or settlements, if any, are recognised immediately in the income statement.

Such retirement gratuities payable are classified as current liabilities where it is probable that a payment will be made within the next twelve months and also provided that the amount has been approved for payment by the Board of Directors.

d) Equity compensation benefits

Equity compensation benefits include share options issued to eligible Executives and Executive Directors of the Company.

The Group does not make a charge to the income statement in respect of share options granted to employees. As and when the share options are exercised, the proceeds received, net of any transaction costs, are credited to share capital and share premium. Details of the employee share options scheme are set out in the relevant notes to the financial statements.

Financial Instruments

A financial instrument is any contract that gives rise to both a financial asset of one enterprise and a financial liability or equity instrument of another enterprise.

A financial asset is any asset that is cash, a contractual right to receive cash or another financial asset from another enterprise, a contractual right to exchange financial instruments with another enterprise under conditions that are potentially favourable, or an equity instrument of another enterprise.

A financial liability is any liability that is a contractual obligation to deliver cash or another financial asset to another enterprise, or to exchange financial instruments with another enterprise under conditions that are potentially unfavourable.

a) Financial instruments recognised on the balance sheet

The recognition method adopted for financial instruments that are recognised on the balance sheet are disclosed separately in the individual policy statements associated with the relevant financial instrument. The financial assets of the Group are primarily denominated in Ringgit Malaysia, whereas the financial liabilities of the Group are primarily denominated in US Dollar and Ringgit Malaysia. Financial assets and liabilities that are denominated in other currencies, where material, have been disclosed in the Notes to the financial statements.

3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Financial Instruments (cont'd)

b) Financial instruments not recognised on the balance sheet

The Group, in managing its interest and currency exposures, enters into foreign currency forward contracts, interest rate swap and currency swap agreements. These instruments are not recognised in the financial statements on inception.

As foreign currency forward contracts are entered into to cover the Group's commitments in foreign currencies, the contracted rates are used to translate the underlying foreign currency transactions into Ringgit Malaysia.

The related interest differentials under the swap agreements for interest rate swaps are recognised over the terms of the agreements in interest expense.

The underlying foreign currency assets or liabilities, which are effectively hedged by currency swap agreements, and designated as a hedge, are translated in the respective hedged currencies, at their contracted rates.

c) Fair value estimation for disclosure purposes

The fair value of publicly traded securities is based on quoted market prices at the balance sheet date. For non-traded financial instruments, the Group uses various methods and makes assumptions that are based on market conditions. Comparisons are made to similar instruments that are publicly traded and estimates based on discounted cash flow techniques are also used. For other long term financial assets and liabilities, fair value is estimated by discounting future contractual cash flows at appropriate interest rates.

The book values of financial assets and liabilities with maturities of less than one year are assumed to approximate their fair values.

Income Taxes

a) Current taxation

Current taxation is determined according to the tax laws of each jurisdiction in which the Group operates and include all taxes based upon the taxable income and is measured using the tax rates which are applicable at the balance sheet date.

b) Deferred taxation

Deferred tax liabilities and/or assets are recognised for all temporary differences between the carrying amounts of assets and liabilities in the financial statements and their related tax bases. However, deferred tax assets are recognised to the extent that it is probable that taxable income will be available against which the deferred tax assets can be utilised. Deferred tax liability in respect of asset revaluations is also recognised. Deferred tax liabilities and assets are measured at the tax rates which are applicable at the balance sheet date.

Deferred tax is recognised on temporary differences arising on investments in subsidiaries and associates except where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Foreign Currencies

The financial statements are stated in Ringgit Malaysia ("RM").

Transactions in foreign currencies have been translated into RM at the rates ruling on the dates of the transactions unless hedged by forward foreign contracts, in which case the rates specified in such forward contracts are used. Monetary assets and liabilities in foreign currencies at the balance sheet date have been translated at the rates ruling on that date. Gains and losses arising from translation are included in the income statements.

3. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Foreign Currencies (Cont'd)

The Group's foreign entities are those operations that are not an integral part of the operations of the Company. Income statements of these entities are translated into RM at average rates for the financial year and the balance sheets are translated at the financial year end rates. Exchange differences arising from the translation of income statements at average rates and balance sheets at year end rates, and the restatement at year end rates of the opening net investments in such subsidiaries and associates are taken to reserves.

Fair value adjustments and goodwill arising on the acquisition of a foreign entity are treated as assets or liabilities of the Group and are translated accordingly at the exchange rate ruling at the date of the transaction.

The principal rates of exchange used in translation are as follows:
(RM to one unit of foreign currency)

Currency	Year end rates	
	2004	2003
US Dollar	3.8000	3.8000
Sterling Pound	7.3308	6.7714
Australian Dollar	2.9623	2.8544
Singapore Dollar	2.3280	2.2350
Hong Kong Dollar	0.4888	0.4895

Revenue Recognition

Revenues are recognised upon delivery of products or performance of services, net of sales tax and discounts, and after eliminating sales within the Group.

Casino revenue represents net house takings. The casino license is renewable every three months.

The sales relating to property development projects are recognised as the project activity progresses and are in respect of sales where agreements have been finalised. The recognition of sales is based on the percentage of completion method and is consistent with the method adopted for profit recognition.

Sales of short term investments are accounted for when the contracts are executed.

Dividend income is recognised when the right to receive payment is established.

Dividends

Dividends on ordinary shares are accounted for in shareholders' equity as an appropriation of unappropriated profit and accrued as a liability in the financial year in which the obligation to pay is established.

Segmental Reporting

The Group adopts business segment analysis as its primary reporting format and geographical segment analysis as its secondary reporting format.

Revenues are attributed to geographical segments based on location of customers where sale is transacted. Assets are allocated based on location of assets.

Segment revenues and expenses are those directly attributable to the segments and include any joint revenues and expenses where a reasonable basis of allocation exists. Segment assets include all assets used by the segment and consist principally of property, plant and equipment net of accumulated depreciation, amortisation and impairment loss, land held for property development, property development costs, inventories and receivables. Segment liabilities comprise operating liabilities. Both segment assets and liabilities do not include income tax assets and liabilities and interest bearing instruments.

4. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's overall financial risk management objective is to optimise the value creation for shareholders. The Group seeks to minimise the potential adverse impacts arising from fluctuations in exchange and interest rates and the unpredictability of the financial markets.

The Group operates within clearly defined guidelines that are approved by the Board of Directors and do not trade in financial instruments. Financial risk management is carried out through risk reviews conducted at all significant operational units. This process is further enhanced by effective internal controls, a group-wide insurance programme and adherence to the financial risk management policies.

The main areas of financial risks faced by the Group are as follows:

Foreign currency exchange risk

The Group is exposed to foreign currency exchange risk when it enters into transactions that are not denominated in their functional currencies. The Group attempts to significantly limit its exposure for all committed transactions by entering into forward foreign currency exchange contracts within the constraints of market and government regulations.

Interest rate risk

Interest rate risks mainly arise from the Group's borrowings. The Group manages this risk through the use of fixed and floating rate debt and derivative financial instruments. Derivative financial instruments are used, where appropriate, to generate the desired interest rate profile.

Market risk

The Group, in the normal course of business, is exposed to market risks in respect of its equity investments. The Group manages its risk through established guidelines and policies.

Credit risk

Exposure to credit risk arises mainly from sales made on deferred credit terms. Credit terms offered by the Group range from 30 days to 60 days from date of transaction. Risks arising therefrom are minimised through effective monitoring of receivables and suspension of sales to customers which accounts exceed the stipulated credit terms. Credit limits are set and credit history is reviewed to minimise potential losses.

The Group also seeks to invest cash assets safely and profitably and buys insurance to protect itself against insurable risks. In this regard, counterparties are assessed for credit risks and limits are set to minimise any potential losses.

Liquidity risk

The Group practices prudent liquidity risk management to minimise the mismatch of financial assets and liabilities. The Group's cash flow is reviewed regularly to ensure that the Group is able to settle its commitments when they fall due.

As at 31 December 2004, the US Dollar ("USD") borrowings as shown above are obtained by four wholly owned subsidiaries of the Company. These borrowings are guaranteed by the Company and are repayable in full on the respective maturity dates.

ii) Local Currency Borrowings

The local currency borrowings of RM371.9 million in 2003 representing loan from Genting Berhad has been repaid during the financial year.

b) Interest Rate Swaps ("IRS")

The Group has entered into IRS contracts to manage the exposure of its borrowings to interest rate risks. With the IRS agreements, the Group receives interest at floating rate based on three months or six months London Interbank Offered Rates ("LIBOR") and pays interest at fixed rates or floating LIBOR in arrears capped at a maximum of 5% per annum rates on the agreed notional principal amounts.

As at the financial year end, the terms and notional principal amounts of the outstanding interest rate swap contracts of the Group are as follows:

	USD (Mil)	Equivalent RM (Mil)
At 31 December 2004		
Within one year	104.8	398.4
More than one year and less than 5 years	141.3	536.8

	185.5	704.9

31. FINANCIAL INSTRUMENTS (Cont'd)

b) Interest Rate Swaps ("IRS") (Cont'd)

The effect of the above interest rate swaps is to effectively hedge the interest rate payable on part of the foreign currencies borrowings mentioned in Note (a) above. Of the above IRS, USD39.8 million (RM151.1 million) [2003: USD25.5 million (RM96.9 million)] refer to IRS that serve to convert the borrowings from floating rate to floating rate in arrears subjected to a maximum ("cap") on the LIBOR of 5% per annum.

The fair value of the outstanding interest rate swap contracts of the Group which has not been recognised at the balance sheet date was an unfavourable net position of RM4.7 million (2003: RM22.8 million).

c) Forward Foreign Currency Contracts

As at the end of the financial year, the outstanding forward foreign currency contracts of the Group are as follows:

At 31 December 2004

Currency	Transaction dates	Expiry Dates	Contract Amounts (Mil)	Equivalent RM (Mil)
USD	01/10/2004 to 04/11/2004	25/1/2005 to 25/7/2005	4.9	18.7

At 31 December 2003

Currency	Transaction dates	Expiry Dates	Contract Amounts (Mil)	Equivalent RM (Mil)
USD	05/03/2003 to 23/9/2003	26/1/2004 to 26/4/2004	3.9	14.9

As these foreign currency contracts are entered into to cover the Group's commitments in foreign currencies, the contracted rates will be used to translate the underlying foreign currency transactions into Ringgit Malaysia. The above contracts are entered into with licensed banks.

The fair value of the forward foreign currency contracts of the Group which has not been recognised at the balance sheet date was an unfavourable net position of RM61,200 (2003: RM145,000).

32. CHANGES IN ACCOUNTING POLICIES

During the financial year, the Group changed its accounting policy in respect of the following:

(a) Goodwill

It had been the Group's policy to write-off goodwill arising on consolidation to the income statement when the acquisition occurs.

With effect from 1 January 2004, goodwill is recognised as an intangible asset and disclosed on the consolidated balance sheet at cost less any impairment losses. The carrying value of goodwill will be subject to annual impairment review and whenever events or changes in circumstances indicate that it may not be recoverable. An impairment charge will be recognised in the income statement when the results of such impairment review indicate that the carrying value of goodwill is impaired.

It is the management's view that the change in accounting policy will result in a more appropriate presentation of goodwill in the Group's financial statements and that this is in line with international best practice.

The change in accounting policy will be applied prospectively with effect from the current financial year as the resulting adjustment that relates to prior periods is not reasonably determinable. The comparative figures are therefore not restated.

(b) MASB 32 - Property Development Activities

In compliance with the Standard, "Real property assets" has been renamed as "Land held for property development".

33. CAPITAL COMMITMENTS

34. CONTINGENT LIABILITY (UNSECURED) AND CONTINGENT ASSETS

At 31 December 2004, the Company had contingent liability in respect of guarantees issued to financial institutions for loan facilities extended to subsidiaries as follows:

- (a) Term Loan Facility granted to a subsidiary amounting to RM608.0 million (2003: RM608.0 million).
- (b) Term Loan Facility granted to a subsidiary amounting to RM151.1 million (2003: RM201.4 million).
- (c) Term Loan Facility granted to a subsidiary amounting to RM176.1 million (2003: RM176.1 million).
- (d) Term Loan Facility granted to a subsidiary amounting to RM43.9 million (2003: Nil).
- (e) Revolving Credit Facility granted to a subsidiary amounting to RM15.9 million (2003: Nil).

The details of the loans are disclosed in Note 24 and Note 31. It is anticipated that no material liabilities will arise as a result of these guarantees.

At 31 December 2004, the Group had contingent asset as follows:

- (a) Resorts World Limited ("RWL"), an indirect wholly-owned subsidiary of the Company, had in November 2000 disposed its interest of 10.3 million shares of NCL Holding ASA to Arrasas Limited ("Arrasas"), a wholly-owned subsidiary of Star Cruises Limited, which in turn is a 36.1% associate of the Group, at Norwegian Kroner ("NOK") 15 per share. The valuation proceedings at the Oslo City Court, ongoing since October 2001, culminated in the valuation court's decision on 5 December 2003, which fixed the redemption price at NOK 25 per share. Pursuant to this decision, Arrasas is required to pay NOK 10 per share (representing the amount in excess of NOK 15 per share as previously agreed under respective stock purchase agreements). Consequently, RWL may receive an additional consideration amounting to approximately RM64.9 million (2003: RM58.7 million) or approximately USD 17.06 million (2003: USD15.45 million). On 8 January 2004, Arrasas appealed the decision. The appeal has been fixed for hearing sometime in April 2005.

to the members of Resorts World Bhd

We have audited the financial statements set out on pages 44 to 85. These financial statements are the responsibility of the Company's Directors. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with approved auditing standards in Malaysia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Directors, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion:

 - i) the matters required by Section 169 of the Companies Act, 1965 to be dealt with in the financial statements; and
 - ii) the state of affairs of the Group and Company as at 31 December 2004 and of the results and cash flows of the Group and Company for the financial year ended on that date;
- and
- (b) the accounting and other records and the registers required by the Act to be kept by the Company and by the subsidiaries of which we have acted as auditors have been properly kept in accordance with the provisions of the Act.

The names of the subsidiaries of which we have not acted as auditors are indicated in Note 37 to the financial statements. We have considered the financial statements of these subsidiaries and the auditors' reports thereon.

We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.
